LEGO® Builder

Un viaje en el tiempo hasta el Medievo

¿Has imaginado cómo sería la vida fuera de las murallas de un clásico castillo LEGO®? Este set te invita a viajar en el tiempo para visitar una bulliciosa plaza mayor medieval con un mercado ubicada a poca distancia de la fortaleza. Conoce a los habilidosos artesanos que dan vida a esta aldea y experimenta de primera mano las actividades recreativas, los placeres y los tesoros ocultos en cada uno de sus rincones.

El mercado alberga la Posada del Hacha Rota, una torre de vigilancia, una quesería, un taller de carpintería y una granja. ¡Abre las casas para echar un vistazo a las actividades que se desarrollan en su interior!

Los artesanos y los aldeanos se reúnen en torno al viejo árbol de la plaza para intercambiar bienes, favores y quizá algún que otro rumor. No dudes en unírte a la conversación mientras construyes y exploras el lugar.

Un recorrido por la aldea de Felsa

La aldea atrae a una vistosa variedad de creativos artesanos. Desde ganado y paja hasta quesos caseros y sillas decoradas, proveen a la aldea y al castillo de deliciosa comida, entretenimiento, materiales de construcción y accesorios domésticos. Un guardia de los Caballeros del León mantiene el orden, mientras que los carteles con la leyenda "Se busca" colocados en el árbol advierten a los lugareños de los forajidos y los charlatanes con piel de cordero que deambulan por la zona. En general, sin embargo, este es un lugar apacible donde los aldeanos se llevan bien y se ayudan mutuamente.

Un día normal

Al final de una larga jornada de trabajo, los afanosos aldeanos se reúnen para disfrutar de una merecida bebida y un copioso yantar en la Posada del Hacha Rota. Pueden turnarse para tocar el laúd o desafiarse a una partida de damas. (Se rumorea que el recaudador de impuestos de la reina es un oponente formidable, aunque quizá no siempre juegue limpio).

Inspirado en la historia de LEGO®

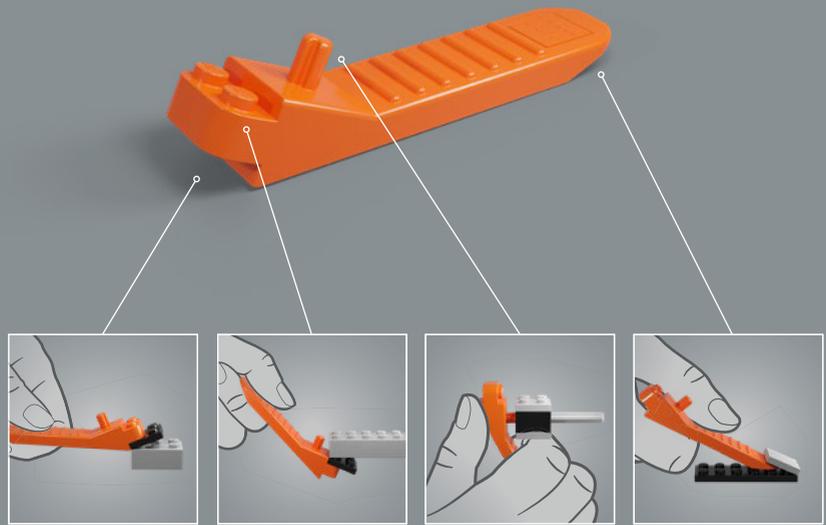

En 2009 salió a la venta el set LEGO® Medieval Market Village (10193), que tuvo un gran éxito entre los fans de todo el mundo. Los detallados edificios articulados, las populares figuras de animales y el carismático elenco de minifiguras inspiraron historias vívidas y creativas en constructores de todas las edades. Con aún más flexibilidad y escenarios de acción, este set lleva todas esas historias y la emocionante experiencia de construcción un poco más allá.

Notas del historiador de LEGO®

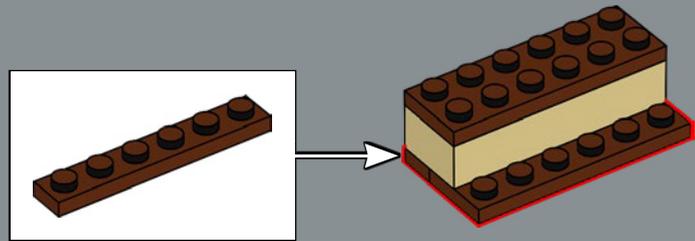

“Cuando nos decidimos a revivir este popular tema, quisimos mantenernos lo más fieles posible a la época medieval e incluir elaborados detalles para agradar tanto a la vista como a tu ‘historia interior’. Hemos introducido nuevos personajes como el recaudador de impuestos de la reina o la encargada de la posada y, por primera vez, tenemos tres casas con uniones articuladas para que puedas girar y exponer tu modelo según lo dicte tu imaginación, o como mejor se adapte a tu estante”.

La escalera y la portezuela facilitan el acceso al taller de carpintería. (Usa la palanca de liberación ubicada en el mismo lado que el control de la grúa).

¿Te resulta familiar este tapiz? En realidad, el motivo que decora el nuevo diseño del tapicero se basa en una popular escena de un torneo de justas del modelo LEGO® Yellow Castle (375) de 1978.

El gato desempeña un papel muy importante para mantener la aldea libre de ratones y otras molestas plagas. Parece justo que reciba un poco de leche por su esfuerzo.
